

# Sierra

## BED FRAME

**ecosa**

Love lounging in bed? With a modern double-cushioned design and removable and washable covers, our Sierra bed is your go-to for comfort, practicality and laidback style.

### Features

- Sierra's striking double-cushioned design blends fuss-free style with cosy comfort.
- Easy, tool-free assembly – set up (and take apart) your bed in minutes.
- Ultra-clever, clip-in and clip-out connectors make setup a breeze.
- High quality upholstery – soft to touch but durable enough for everyday life.
- Raised border keeps your mattress in place no matter how much you toss and turn.
- Sturdy, creak-free construction prevents noise and movement.
- Strong slats and steel crossbeam provide a sturdy base for even mattress support.

### Care Instructions

- Avoid placing bed in direct sunlight.
- Vacuum regularly on low suction.
- Blot spills immediately with an absorbent towel or clean, damp cloth.
- Cushion covers can be removed and machine washed on a warm or cold cycle.
- Spot clean with upholstery shampoo, mild detergent or a mild cleaning solvent.
- DO NOT saturate with liquid.
- Avoid scrubbing and the use of harsh detergents.

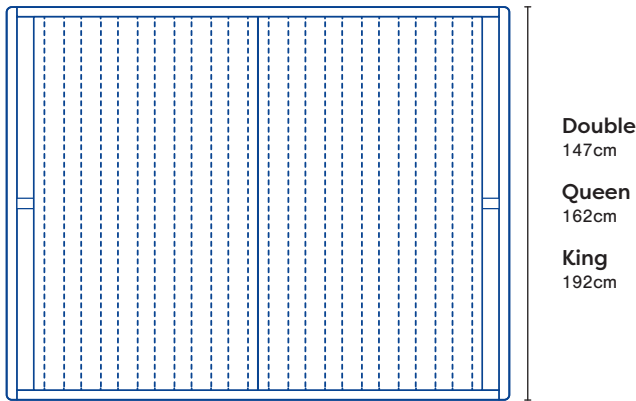

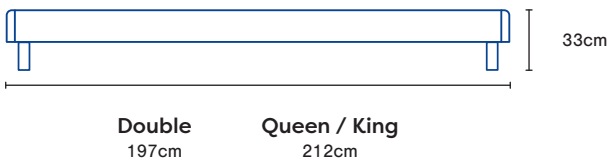

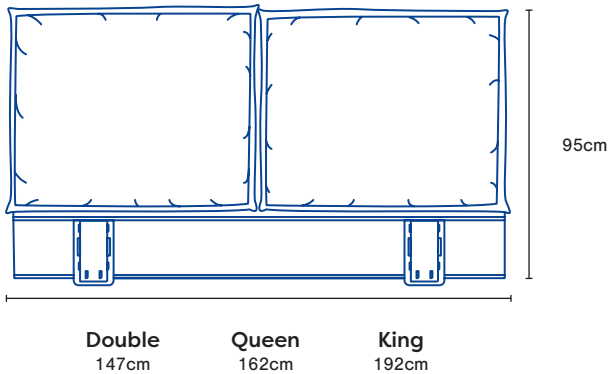

### Materials

|              |                                                                       |
|--------------|-----------------------------------------------------------------------|
| Outer Fabric | 100% polyester                                                        |
| Padding      | Recycled polyester, polypropylene non-woven fabric, polyurethane foam |
| Frame        | Plywood, laminated timber                                             |
| Slats        | Solid poplar wood                                                     |
| Connectors   | Plastic                                                               |
| Crossbeam    | Steel                                                                 |
| Legs         | Rubberwood                                                            |
