

CoolComfort

MATRESS

ecosa

- **Unparalleled cooling:** Up to 80% cooler to the touch than standard mattress surfaces.
- **Quickly draws away heat** with innovative copper-infused foam to regulate temperature all night.
- **Unparalleled breathability:** Snooze sweat-free with our unique FlexMatrix™ Grid optimising airflow.

Features

- 'Medium' firmness cooling hybrid mattress.
- Machine-washable cooling cover – up to 80% cooler to the touch than standard mattress surfaces.*
- Ultra-breathable design: FlexMatrix™ Grid & Ice Mesh side panels optimise airflow.
- Copper-infused foam rapidly pulls heat away from the body.
- 4 x the springs of a standard hybrid mattress for advanced support.
- 5 zones of precision pocket springs for zero-disturbance contouring.
- Open-cell BounceTech™ foam provides durable cushioning without heat retention.
- Higher-gauge springs for extra edge support.
- Made with CertiPUR-US®-certified foam – tested for low emissions and made without harmful substances.
- Eco-friendly construction: OceanCycle™ recycled zips, zero waste steel springs and ultrasonic quilting to minimise glue usage.

*Based on CoolComfort Qmax value of 0.33 vs 0.09 for standard viscose polyester blend fabric.
