RIVA SOFA BED

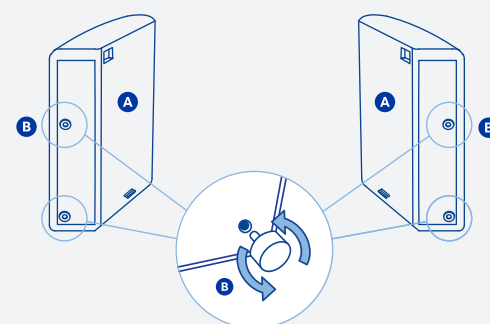

Build your Sofa Bed in 5 easy steps

What's in the box?

Before you start, lay out all parts so you're familiar with them.

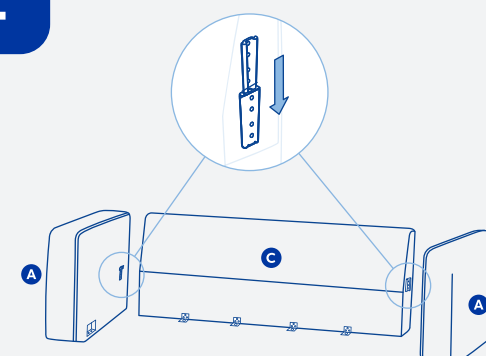

1

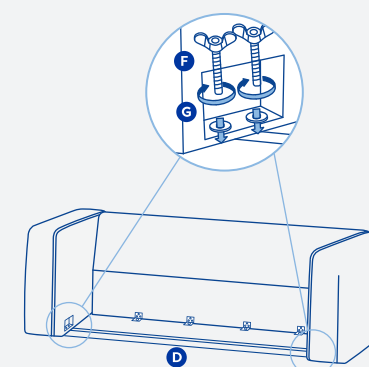

Lie each sofa arm (A) on its side. Unpack the feet (B), packaged within the sofa arms. Screw the feet into the base of the sofa arms.

2

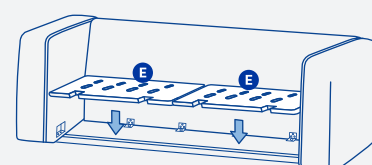

Place the arms (A) upright with the feet on the ground. To attach the backrest (C), slot the arm pieces into the attachments found on either side of the backrest.

3

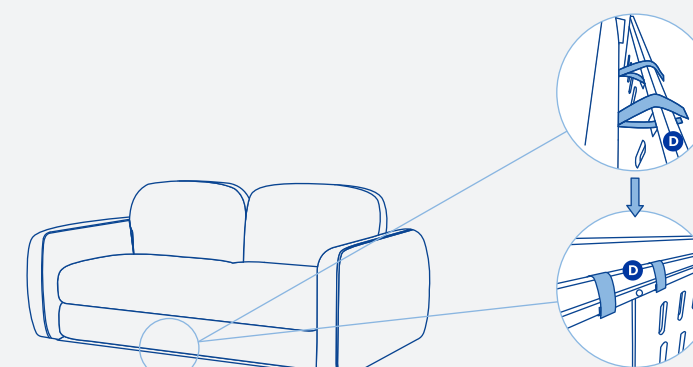

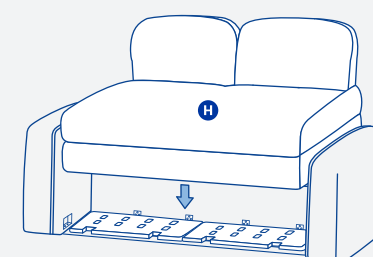

To attach the front rail (D), place it underneath the front edge of both arms and align with the screw holes found in the nook inside the arms. Secure tightly with 2 washers (G) and 2 butterfly screws (F) on each side.

4

Insert the wooden base pieces (E) as shown.

5

Insert the seat cushion (H). Secure with to the metal front rail (D) with the velcro tabs. Put your feet up – you're done!
